

Sprint 3 Plan

- Product Name: **ClassNeeds**
- Team Name: **ClassNeeds**
- Sprint Completion Date: **July 20, 2020**
- Revision Number: 3
- Revision Date: **July 20, 2020**

Goal

- Sprint 3 will be centered around adding more features to our base product.

Task Listing, Organized by User Story

- (5) User Story 3.1: As a student, I would like to see who made each comment (names) and I would like to see a clean site overall.
 - Task 3.1a: add names for comments to db (1 hour)
 - Task 3.1b: add names to the comments on the class details page (2 hours)
 - Task 3.1c: reformat ratings page and buttons (2 hours)
 - Total: 5 hours
- (13) User Story 3.2: As any user of the site, I would like to have a profile page so I can see what classes I've favorited, rated, and change my password.
 - Task3.2a: Ability for users to change password from the database(4 hrs)
 - Task3.2b: Ability for user to favorite classes and view them later, make new column for users table in the database called favClasses(4 hrs)
 - Total: 8 hrs
- (5) User Story 3.3: As a CSE student, I would like to see CSE degree flowcharts so that I can better understand my pathway through my degree.
 - Task 3.3a: create a new page for flowcharts (2 hour)
 - Task 3.3b: implement flowcharts for various CSE degrees (BA, BS, transfer) (1 hours)
 - Total: 3 hours
