High Level Goals

- Upload/download of files
- Categorization of the files
- Class categorization based on departments
- Sign ups (account logins)
- Voting up or down for each class
- Links to ratemyprof of each class

User Stories for Release

- Sprint 1
    - (8) As a student, I want to be able to find the class that I am taking or thinking of taking.
    - (13) As a student or professor, I want to see files that have already been uploaded and upload my own.
    - (8) As a student, I want to make sure that the website is secure and only accessible by my peers.
- Sprint 2
    - (5) As a student, I want to be able to "favorite" classes to remember them.
    - (5) As a student, I want to rate and see past ratings for a class and the professors.
    - (5) As a student, I want to voice my opinion about certain classes and professors.
- Sprint 3
    - (13) As a student, I may not have time to read the entire syllabus or other notes, a summary would be nice.
    - (21) As a student, sometimes I have trouble reading people's handwritten notes, it would be nice if they were word docs instead.

Product Backlog

- Schedule planner for a student that keeps track of which classes the student has taken already and what classes they still have left. Additionally, required classes that the student has not taken will be highlighted in the planner.
- Warns you if class you need to take for graduation is not being offered during certain quarters.
